

Intrigue Collection

Woodgrain meets modern

Conestoga's Intrigue TTS (Thermally Textured Surfaces) collection provides a subtle, realistic woodgrain appearance in hues that fit your modern design needs. This alternative to wood is durable and includes colors that span the spectrum from light to dark at a price point as attractive as the actual product!

Intrigue

- Available in four doors styles, matching drawer fronts and frame only's.
- Dimensional stability, durable, colorfast, resistant to scratching and abrasions.
- Complementary products include floating shelves, mouldings, matching edgeband, cut-to-size panels, veneers and full sheets.
- Sequential Grain Match Option available for Slab design.
